This exhibit is a celebration of the people who have called the midwest home for thousands of years. Learn about their culture and traditions throughout this interactive exhibit. Climb the Bur Oak Tree, visit a school, learn about the importance of storytelling and the significance of the winter count to that tradition, then create your own winter count. Explore traditional housing and imagine life in an earth lodge, tipi, and much more!

OMAHA CHILDREN'S MUSEUM PROVIDES:

Installation guidance, ongoing site support, education materials for school groups and families, print-ready photos and logos

MISSION:

To inspire children to create a future where diversity fuels the innovation that allows mankind to reach for the stars.

EDUCATIONAL MISSION:

- To demonstrate how science solves the problems of space
- The ignite innovative thinking through tinkering
- To inspire appreciation for teamwork, diversity, and space.

For more information or to rent the exhibit, email Shaq at sjones@ocm.org or call 402-930-8036.
